Application Procedure:

Application deadlines:
30th of June, 2018 for the Fall semester and Full academic year mobilities
30th of November, 2018 for the Spring semester

1. Online registration

As soon as the applications are open, all the nominated students receive the detailed application Guidelines. The students need to **create an account**, **verify** the account via their e-mail and **fill in** the online application form.

In order to submit the application, they also need to upload a Learning Agreement (signed by the Sending University) and a recent photo.

2. Additional documents

Once the student completes the application form, s/he needs to print it and send us a signed scanned copy (to the e-mail: erasmus-incoming@auth.gr) along with their signed Learning Agreement, Transcript of Records and a Language Certificate (or the OLS Test results).

3. Language requirements

We require a B2 English Language Level, unless it is stated otherwise in the Bilateral Agreement, since some Faculties/ Schools require a higher Level of English Language.

In case the student does not have an official Certification, we can accept the results of his/her OLS TEST.

4. Greek Language Course

The students use the same online account to apply for the Modern Greek Language Course. Hence the Greek language application cannot be done prior to the on-line application. The students are notified about the Modern Greek Language Courses' applications in due time.

5. Application Processing

After we receive the application and **all** the additional documents, we conduct a preliminary check and then send all the folders to each Faculty/ School for the approval of the ECTS Coordinators.

The Coordinators conduct a detailed control of the application and the Learning Agreement and notify the Erasmus office for any corrections/ comments, in which case we ask the students to revise their Learning Agreements.

6. Acceptance procedure

As soon as the Coordinators return the documents approved and signed, we prepare the official Letter of Acceptance and send it to both the student and the partner University.

Important Note: No student should arrive at Aristotle University without having received the official Letter of Acceptance!
